

Documentation

EasyTools (beta 0.1)

Created by NosOkCC

Documentation

- Mini tutorial
- Table tutorial

Import library

```
// C++  
// import library  
#include <EasyTools/Time.hpp>  
#include <EasyTools/Calculation.hpp>  
#include <EasyTools/File.hpp>  
#include <EasyTools/Utilities.hpp>  
#include <EasyTools/EasyTools.hpp> // import all library
```

Table

Time	
etl::wait::sec(n)	Time sleep in seconds, type - int
etl::wait::msec(n)	Time sleep in milliseconds, type - int
etl::wait::min(n)	Time sleep in minutes, type - int
etl::wait::hour(n)	Time sleep in hours, type - int
Calculation	
etl::etRandom(s tat, end)	return random number, start to end
etl::etHash("stri ng")	Hash string
	File
etl::etMkDir("dir ecitory")	Make directory
Utilities	
etl::clear()	Clear console output
